Deleting Email Accounts

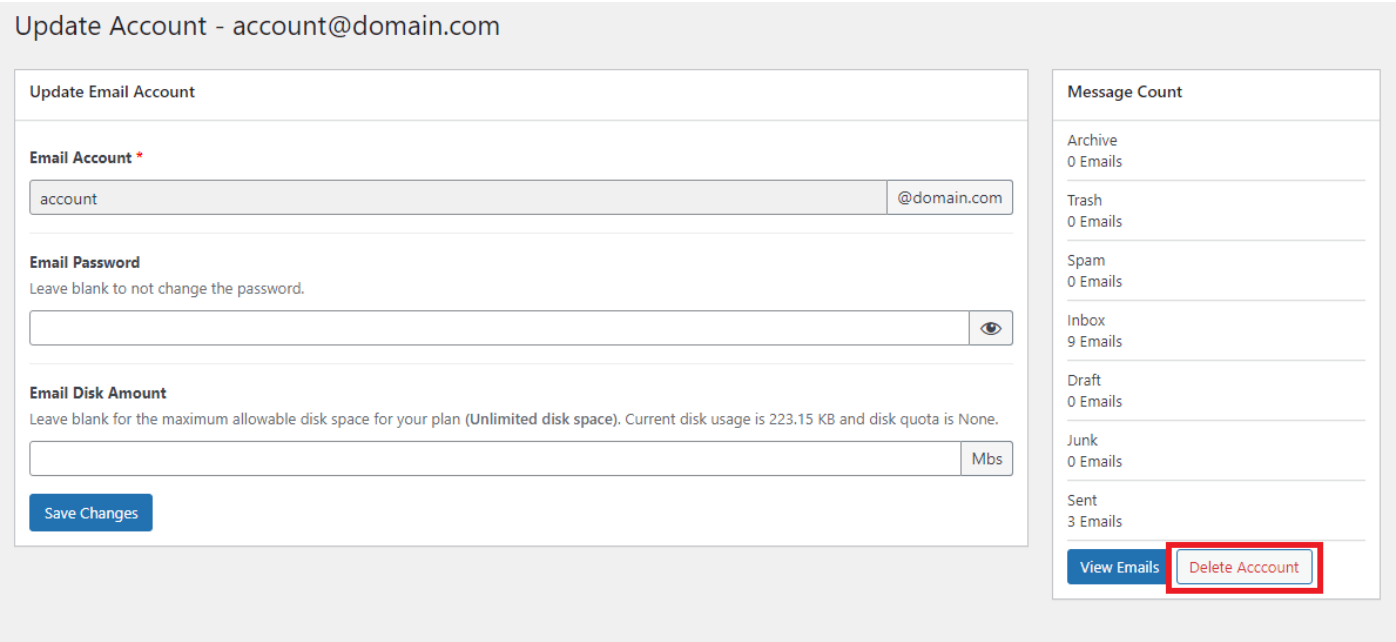

Managing Accounts · https://wpemailmanager.com/docs/deleting-email-accounts/

You can delete an email account from two sections:

1. The Email Manager page that lists all email accounts. To delete from this page, go to **Email Manager**. Under the email account you would like to delete, click Delete button.

2. The Update Account Page accessible by going to Email Manager and under the email account you would like to update, click Manage Account button

Upon clicking the Delete Account button, a modal confirming the deletion should appear. Click 'Yes' to delete the account.
