How to Integrate with WP Ultimo / WP Multisite WaaS Version 2.X

Version 2.x · https://wpemailmanager.com/docs/how-to-integrate-with-wp-ultimo-version-2-x/

WP Email Manager enables you to limit the number of email accounts that can be created per product/plan, membership or site.

To enable this functionality, go to the plugin's setting page in the administration area and enable WP Ultimo / WP Multisite WaaS integration.

Once done, edit any product/plan, membership or site and configure the email account limitation settings.
