Mailbox Limitations

Mailbox · https://wpemailmanager.com/docs/mailbox-limitations/

The following cannot be done in WP Email Manager due to Mailbox's limitations:

1. Setting up quota limits for each email account. Email accounts can only be limited to any of the plans offered by Mailbox, which are Light, Standard and Premium, that dictate the maximum disk space. Learn more here.
2. Not compatible with WP Ultimo Version 1.0+.
