Updating Email Accounts

Managing Accounts · https://wpemailmanager.com/docs/updating-email-accounts/

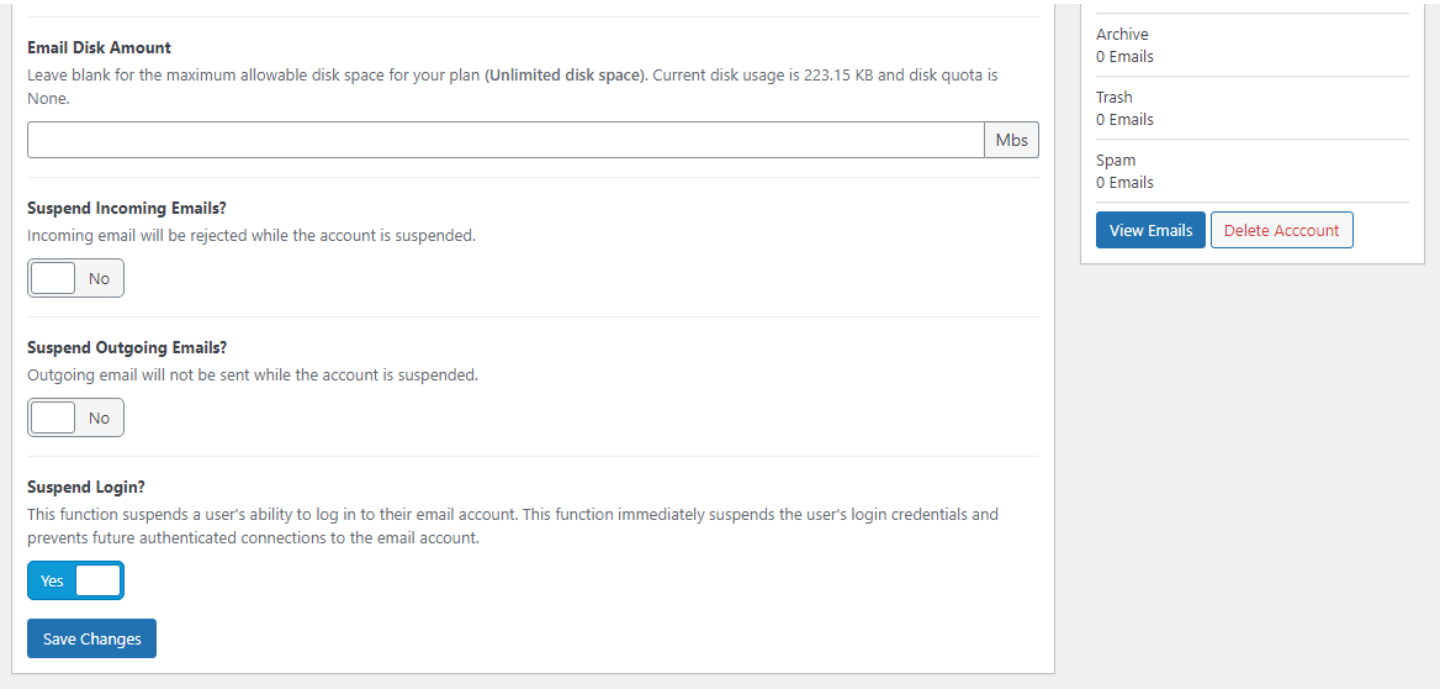

To update an email account, in the admin menu, go to **Email Manager**. Under the email account you would like to update, click Manage Account button.

On the update account page, you will be presented with a form similar to one below.

A super admin in a multisite installation will be presented with the following additional fields, depending on the configured email server:

Make the relevant changes and update the account.
